## Berdon Kirksaether & The Twang Bar Kings

Berdon Kirksaether is a Norwegian composer, guitarist, singer and music producer. He is a veteran on the Norwegian blues scene, most notably through his work in CIA, arguably one of the finest blues bands in the country in their prime. They toured Norway extensively during the nineties and released two critically acclaimed records.

Berdon Kirksaether & The Twang Bar Kings brings together 3 of the 4 founding members of CIA. Stein Tumert and Per Eriksen is joining forces with Berdon to bring back the energy and groove that made CIA one of the most popular blues and soul acts in Norway in the nineties. In addition, Olaf Olsen, Finn Tore Tokle and LeoVolskiy, all well known musicians from Norway and Germany, are adding their mark on the new album "Latenighters Under A Full Moon".

### What some folks are saying:

"This album is about blues guitar, about jazzy blues and about r&b with exotic Latino and soul-jazz grooves. An exciting, lyrical and beautiful album, played in a relaxing manner, and with a feeling at times like a journey through three-dimensional "pictures". Johnny Andreassen - [www.bluesnews.no](http://www.bluesnews.no)

"Conrad's Bar Bounty" swings along beautifully, with guitar and B3 swapping melodic leads.

"Rendezvous" slips into a Latin groove with spare melodic lead lines. Kirksaether is very tasteful....Over all, this is an imaginative album, with some very fine musicianship and arrangements." - Mike Garner - Blues News New Zealand - [www.blues.co.nz](http://www.blues.co.nz)

"The 11 track album, credited to *Berdon Kirksaether & The Twang Bar Kings*, is an all instrumental feast of jazz/blues packed with some nice surprises. Fans of Freddie King, Ry Cooder, late 1960's Fleetwood Mac and even Booker T. & The MG's will enjoy the soulful, bluesy guitar instrumental sounds of *Latenighters Under A Full Moon*" - Robert Silverstein - [mwe3.com](http://mwe3.com)

Berdon Kirksaether & The Twang Bar Kings deserve unqualified praise regarding form and originality presented on *Latenighters Under a Full Moon*. *Mladen Loncar* - Mike - [SoundGuardian.com](http://SoundGuardian.com)
